## School Bus Safety

by Danielle Wells

OSU Extension Family & Consumer Science Educator

It's that time of year. Schools across the county are open. Children are at school bus stops and traveling on school buses again. I am sure that most parents have discussed some safety rules with their children. Here are just a few reminders for school bus safety. To be safe when they travel to and from school, follow these simple safety rules:

### AT THE BUS STOP:

- Always walk to the bus stop. Never run.
- Walk on the sidewalk. If there is no sidewalk, walk on the left facing traffic.
- Always go to the bus stop about five minutes before the bus is scheduled to arrive.
- While at the bus stop, wait in a safe place away from the road. Do not run and play while waiting.
- Never speak to strangers at the bus stop and never get into the car with a stranger. Always go straight home and tell you parents if a stranger tries to talk to you or pick you up.
- Wait for the bus to arrive, watch for red flashing lights and the stop sign to be extended, and cross only when all traffic has stopped. Look left, right, and left again before crossing.

### ON THE BUS:

- Go directly to a seat. Remain seated and facing forward for the entire ride.
- Talk quietly (so the driver will not be distracted).
- If you need to talk to the bus driver: wait for the bus to stop, raise your hand, and call the driver's name.
- Never throw things on the bus or out the windows. Never play with the emergency exits.

5th wheel receiver hitch. Never used or even mounted. Paid \$400, will take \$300. 580-504-5541.

2019 Apex Coachman 21' travel trailer. Used 3 times. \$15,000, or \$22,000 with 2005 Dodge included. 405-207-4850.

**FARM & RANCH**  
**HEAVY EQUIPMENT**

Cattle guards. 7'6" wide, 16' long. 2-7/8" tubing on 6" steel. \$1500. 580-657-4123.

2015 Mahindra 22 HP hydrostatic tractor. 87.3 hours. Loader, backhoe & 60" cut mower deck included. Tractor in good shape. \$10,000. 903-426-8502.

Nice 8' dually flatbed w/ headache rack, center drop box for gooseneck & receiver. \$800. 580-618-3487 or 580-618-2987.

3000 gallon fuel tank on skids with Gas Boy electric pump, hose, & all nozzle fittings. \$3800. 580-223-4171 or 580-490-1011.

- Keep the aisles clear at all times.
- If there is an emergency, listen to the driver and follow instructions.

### EXIT THE BUS:

- When getting off the bus make sure you walk (not run) three more steps away from the door. This is the best place to be around a bus. Stay away from the bus wheels and watch out for moving cars!
- Once you get off the bus, go straight home so an adult will know where you are.
- Only get on and off the bus at your designated stop. If you need to get off the bus somewhere else, you will need to have a note from your parents.
- If you leave something on the bus, never return to the bus to get it. The driver may not see you come back, and they may begin moving the bus. Also, if you drop something near the bus, tell the bus driver before you attempt to pick it up, so they will know where you are.

Always remain 10 steps away from the bus to be out of the "Danger Zone" and where the driver can see you. Always cross the street in front of the bus. Never go behind the bus.

Once you have thoroughly discussed or educated your child about school bus stop safety, you should go to the bus stop with your child to determine a safe place for him to wait for the bus and to point out any potential dangers inherent to the area. Check on your child periodically during the year to make sure that they are following the rules for school bus stop safety. Stress to your child that it is their job to act appropriately and they are responsible for their own safety.
